Refusing a job assignment could result in disciplinary action. All work must be performed in a manner consistent with standards established by the MWW. Actions which are detrimental to or interfere with the operation of the MWW are prohibited.

1. Leaving the Work Area

Employees are not allowed to travel to their personal residence or any other residence, place of business, or location outside of their assigned area during work hours (work hours do not include lunch period). Employees must obtain

permission from their immediate manager, if available, or notify a lead worker before leaving the work location. An employee shall not leave the job for the day or for extended periods without authorization.

1.4 Break and Lunch Period

A. Break Period

Employees are allowed two 15-minute paid break periods during the work day to be taken as authorized and scheduled by management. Scheduled break periods may be altered depending on the circumstances of the job. Extending the break period is not allowed. Break periods are not allowed to be taken in conjunction with the lunch period or at the beginning or end of the day. Sleeping on breaks is not permitted.

B. Lunch Period

Mains and Plants employees are allowed a 45-minute unpaid lunch period, normally taken from 12:00-12:45 PM. Management may alter lunch periods as needed to meet schedule and/or workload demands. Extending the lunch period beyond the time permitted is not allowed. Any changes to the lunch period requires the approval of your supervisor. Sleeping, reading newspapers and magazines is not permitted during the lunch period if in view of the general public.

1.6. Reporting Absences and Tardiness

Daily work schedules are to be maintained, and therefore, it is important that managers are informed of absences or tardiness. Employees who are late shall contact their manager as soon as possible to provide an anticipated arrival time and the reason for tardiness. Employees must provide advance notice to a supervisor of at least 1 hour before the scheduled starting time if employee will be absent from or late to work. Text message or email messages are not considered acceptable forms of notice.

A message left on "voicemail" and within the call-in time will be accepted. Employees reporting an absence by leaving a voicemail message **should state their full name, the reason for their absence and a telephone number where they can be contacted.** Also, an employee leaving a voicemail must call back after their starting time and speak directly with their supervisor. If employees reporting an absence by leaving a voicemail message do not call back and speak directly with their supervisor they should expect a call from their supervisor to verify their absence and resolve any discrepancies. Failure to answer a call from your supervisor may result in your absence being considered an Unexcused Absence.

Report of absence is required for each day of absence, unless otherwise directed by the manager, and will not be accepted from persons other than the employee, except in emergencies. The reason for any absence must be satisfactorily explained. Long-term illnesses require that the employee provide regular updates to their manager, including doctor certificates for each follow-up doctor visit.

Failure to follow these procedures may result in disciplinary action. Notification of tardiness or absence does not necessarily constitute an excused tardiness or absence. Employees will not be paid for time they do not work as a result of being late for work.

Vacation approval is based upon guidelines established in this policy including seniority, staffing requirements, workload considerations and management discretion.

Inclement Weather Policy

March 2022

The Mayor of Milwaukee may declare a particular day, or portion of a day, as DO NOT REPORT or EARLY RELEASE due to severe weather conditions. When this occurs, the Milwaukee Water Works recognizes that emergency response and critical infrastructure employees must report to work regardless of the declaration, while other designated employees would be allowed to refrain from traveling to work, or may be relieved from work early for their personal safety.

- I. Employees who work in critical infrastructure areas that require 24/7 operations and emergency response are designated as “*Essential*” and **must report**. These employees work in the following sections:

- **Distribution** (Except Communications Assistant III, Office Assistant IV, Program Assistant II and Program Assistant III)
- **Plants** (Except Office Assistant IV and Water Plant Maintenance Assistant)
- **Water Quality**

While it is mandatory that all *Essential* employees in these designated sections report to work as scheduled, management will do its best to accommodate case-by-case circumstances due to severe weather conditions. *Essential* employees unable to report must call their supervisor to report their delay or absence and provide a specific reason for their unavailability to come to work. Emergency vacation or unpaid leave may be approved for certain circumstances, but is not guaranteed. Disciplinary action up to and including discharge may be issued for failure to report.

- II. Employees who work in the following sections/work units are designated by the City of Milwaukee as “*Non-Essential*” and **do not report**:

- **Business**
 - **Accounting, Rates & Finance**
 - **Payroll**
 - **Customer Service & Billing**
 - **Meter Services**
- **Technical Services**
- **Administration Office Staff**
- **Water Engineering**

Non-Essential employees have the option to cover their scheduled hours not worked with vacation, or excused unpaid time, which will not adversely affect an employee’s SLICP.
